Benefits management SME
Sellafield Ltd

PLEASE INTRODUCE YOURSELF AND YOUR WORK.

I am a happy father and grandfather living in a small city (Durham) with some of the most beautiful countryside within a short distance. I've had a few careers so far - Academia, Sales, Consulting, NHS, and back to Consulting again, and each one teaches lessons that can improve the ones that follow.

WHY DOES SOCIAL VALUE MATTER TO YOU?

Social Value affects us now – not just our children and grandchildren. The environment is changing as we watch.

Communities are fractured by – and causing – a mental health crisis. We aren't planning ahead and we need to – for our own future and those we care about!

WHY DID YOU DECIDE TO JOIN SVI?

I believe in evidence, and I believe in standards. SVI offers a tried and tested approach which is evidentially effective at changing minds and actions. It's not enough to sit in a corner complaining - so I became part of the solution.

HOW HAS SVI MEMBERSHIP BEEN OF VALUE TO YOU?

The best way to keep up to date is to talk with people who are immersed in that area / experts, and that's one of the many advantages of being part of the network.

It's brought me paid opportunities as well as a lot of laughter and friendships.
