## PLEASE INTRODUCE YOURSELF AND YOUR WORK.

---

I'm an enthusiastic Social Value professional who joined the movement in 2016.

Social value has become a core part of my life, working for Social Value UK and as a consultant based between London and based in A Coruña, Spain. Last year, I teamed up with Tim Goodspeed and Nicola Lynch to investigate what value charity shops create.

## WHY DOES SOCIAL VALUE MATTER TO YOU?

---

Because I believe that social value measurement and management links the voice of those affected to decision-making; it makes us listen, it makes us value (what THEY tell us) and it puts us in a lot of a better place to solve the mess and societal challenges we've got.

## WHY DID YOU DECIDE TO JOIN SVI?

---

For me personally, the Principles, community of people that have become my friends and the network itself, has helped me to very practically link what I believe in to become action. Social Value International supports me to feel that I can have a role to change what I don't like about the world.

## HOW HAS SVI MEMBERSHIP BEEN OF VALUE TO YOU?

---

**Development:** It has connected me to fantastic practitioners, peer learning, mentoring, personal development (incl. APL2) who have supported my professional and personal development.

**International:** For a Swedish-UK-working-Spain-living it also provides a fantastic opportunity for me to connect with Practitioners all over the world and learn from the many fantastic things others are doing elsewhere.
